

:UIStrate

:DB

bool isOk = registerTutor(t)

```
sequenceDiagram
    participant UI as :UIStrate
    participant DB as :DB
    UI->>DB: bool isOk = registerTutor( t )
```

The diagram is a UML sequence diagram. It features two lifelines: :UIStrate on the left and :DB on the right. A solid horizontal arrow points from the :UIStrate lifeline to the :DB lifeline, representing a message. The message is labeled with the text 'bool isOk = registerTutor(t)'. The :DB lifeline has a dashed vertical line extending upwards from the message arrow's destination, indicating a return path or a continuation of the lifeline.
